The Value of Congregation Involvement

“First Call” :Guaranteed Preferred Care

This is our guarantee that assistance will always be available to our partnership church members. Members of Partnership Churches will receive “first call” when Partnership Church members call for a first time appointment.

Discounted Education Programs

Your congregation receives a 25% discount on any educational or training program offered by the clinical staff of CareNet Counseling. Programs for staff training, family life issues, or mental and spiritual health issues are available. We can tailor design a seminar, workshop, or ongoing support group for your church.

Training Programs For Support Groups

CareNet Counseling’s professional therapists are available to train your staff or lay leaders in Care and Counseling skills, empowering them to create, develop and lead groups to meet the unique needs of your congregation. We will CERTIFY your support group leaders in the unique dynamics of leading groups with CareNet CERTIFICATION in support group leadership.

Discount on Premarital Counseling

One of the greatest counseling needs in congregational ministry is thorough compassionate yet challenging premarital counseling. You can refer this counseling ministry to CareNet Counseling and the congregational member receives a 25% discount on the six session counseling program. We also offer premarital counseling in a group format if you have more than one couple planning to marry. This format fosters community while preparing individual couples to build viable marriages in today’s culture.

Church & Organizational Consulting

CareNet Counseling can offer your church or congregation specialized consulting designed to assist you to create an environment of health and peace. We will help you design and create a “culture” in your church or organization that is productive, and cooperative, and give you the tools to effectively manage conflict. We guarantee this program will be biblically sound and hold to the highest of ethical standards.

What’s Different About Our Services?

Support

Ministry can be one of the loneliest professions. Ministers are giving of themselves daily and sometimes find themselves without meaningful support and encouragement. CareNet Counseling offers clergy support groups at dramatic discounts to ministers of partnership churches. Second, our counseling staff will be available to your for email or phone consultation on any congregational life situation.

Ministry and Pastoral Staff Coaching

We offer Partnership Pastors a ONE HOUR FREE COACHING session every other month (six FREE one hour coaching session worth \$145.00). At your request, you’ll spend an hour with one of our qualified clinicians who will listen carefully to your challenges and help you design ministry to address those challenges. We’ll help your staff improve their relationship skills, define and achieve ministry goals, and improve personal performance.

Newsletter articles on Pastoral Care Issues

Getting people information on healthy living and good family relations can be a challenge for ministers. We will supply you with quarterly bulletin inserts designed to address current and ongoing personal and family problems. Each article will contain practical suggestions and up-to-date information. Let us know how many you will need and we will have them delivered to your church at your request.

Quarterly E-Newsletter to all Church Staff

Each quarter of the Calendar year the pastor and staff of your church will receive an e-newsletter highlighting a pastoral care concern or mental and spiritual health issues. You will also receive updates on educational opportunities and new services offered by Samaritan Care & Counseling.

Discount on Marital Enrichment Weekend

Dr. Wayne Wilson offers a unique and powerful Marriage Enrichment Weekend. This workshop can be found nowhere else in the country and you can be a participant for a discounted price. You can also schedule this special opportunity for your church or entire community.

There are **two ways** that churches financially partner with Samaritan Care & Counseling.

The First is to make CareNet Counseling a part of your church's giving plan each year by pledging an annual amount to underwrite the cost of our services.

(Churches include CareNet Counseling as part of the Pastoral Care Budget.)

Suggested giving amounts are based on \$2.50 per member. This is a guideline to help you estimate contributions. Contributions can be paid annually, monthly, or quarterly. The average church contribution is \$1,500 annually.

The Second is to establish a Congregational Assistance Plan. This approach involves purchasing 3 counseling sessions for any member of the church or their immediate family at \$3.00 per member. Payments are made the counseling center quarter or annually.

When a member of your church congregation calls that member will be given "first call" AND they will receive their first 3 sessions at no cost. After these assessment and crisis sessions are completed the church member can continue to receive assistance using health insurance benefits or private payment arrangements.
